How come no one is sharing the tomato wealth???? Ugh! Fine. I won't share the home-grown ones on windowsill right now! NO BLT's for you!!!!

Just kidding! :) I've got way too many! We've gotta start eating!

P.S. I'll send you that video as soon as I get another one! I'm so not tech savy and i filmed it sideways. I thought I'd be able to rotate it like I can my pix, but I was wrong. I'll have to catch them doing another "news" segment and try and get it the right way! Thanks for the your help!
